

Detect every movement wirelessly.

Watchguard 2020™ PIR Motion Detectors

Wireless Pet Immune PIR
Model: ALC-PIR1

- Wireless supervised passive infrared motion detector
- Up to 8m detection range with 110° field of detection
- Automatic temperature compensation and anti-draft technology
- Features tamper switch and pet immunity for small animals up to 25kgs
- Low-battery alert
- DC3V power supply (2x AA batteries)

Wireless Ceiling Mount PIR
Model: ALC-PIR2

- Wireless supervised ceiling mounted passive infrared motion detector
- Up to 6m detection range (3.6m high) and 360° field of detection
- False alarm prevention with dual-core infrared processing technology
- Low-battery alert
- DC3V power supply (2x AA batteries)

Wireless Solar Powered PIR
Model: ALC-PIR4

- Wireless supervised solar-powered dual-tech outdoor motion detector
- Up to 8m detection range with 110° field of detection
- False alarm prevention using microwave and infrared dual detections
- Adjustable microwave sensitivity and zone mode options
- Automatic temperature compensation and anti-draft technology
- IP65 rated for outdoor use and built in tamper switch
- Comes with 3.7V solar rechargeable lithium battery
