HDCVI / Surveillance Testing: For testing and calibration of cameras & cable on site.

UTC Video Output Controller

Easy In-line Use

- Easily switch compatible cameras between coaxial transmission technologies without need for OSD or using HDCVI DVR / tester
- Simple plug & play operation, light up buttons
- Switch between HDCVI / HDTVI, AHD & analogue
- Use with most HDCVI & Securview HDCVI cameras with switchable video output
- 2 x AAA battery powered, batteries included

VSSELECT101

Complete Camera & Cable Tester

Complete CCTV Test Solution

- Test & configure IP, HDCVI & analogue cameras
- 4.0" IPS display & flip-out QWERTY keyboard
- 2 x RJ45 (1000M), 2 x BNC, RS485, USB & more
- Configure static IP, DHCP, camera calibration; test camera discovery, live video, PTZ, audio
- TDR detection up to 150m; PoE testing (PD/PSE)
- Up to 10 hours operation, 3~4 hours recharge

VSTEST101

HDCVI & Surveillance Accessories: Test, convert and extend CCTV surveillance systems.

Integration Overview

Output from DVR via HDMI

HDCVI Encoder

Extend display over coax up to 300m (1080p)

Output via HDMI/VGA/Composite

HDCVI Decoder

HDCVI Encoder & Decoder

- Extend CCTV to spot monitors over coaxial cable; split to VGA, HDMI, composite & inline HDCVI
- HDCVI & HDMI feed to monitors over coax.
- Includes power supplies for encoder & decoder

VSCVIDECODER (HDCVI to HDMI/VGA/Composite)

VSCVIENCODER (HDMI to HDCVI)

HDMI Splitter & CAT6 Extender

- Extend & split HDMI feed to output to monitors
- 2-way HDMI splitter with 4K video support, includes 1 x 5VDC 1A PSU
- CAT6 HDMI extender up to 50m with 1080p video support, includes 2 x 5VDC 1A PSUs

HDMISPLIT2 (2 HDMI outputs)

HDMICAT6EXT50M (Extend up to 50m)

Ethernet over Coax Extenders

- Extend Ethernet/Power from PoE switch over coax
- Range includes transmitter and receiver
- Extend over coax up to 400m@100Mbps and up to 1000m@10Mbps (using RG59 coax) *Transmitter & receiver sold separately

VSEOC-ATX (Transmitter)
VSEOC-ARX (Receiver)

Extend Up to 1000m

HDCVI Video Isolator

- Solve image interference caused by ground loops
- 75Ω BNC male to female
- 100MΩ insulation resistance
- 800V isolation voltage
- 600V ESD contact discharge
- 4KV 10/700us surge protection
- 400mm cable length

VSGLI

Passive HDCVI Balun Pair

- Transmit HDCVI or composite video over CAT5e or CAT6 Ethernet cable
- 400m@720p max.
- 250m@1080p max.
- UTP terminal block

VSBALHDP (Balun Pair)

4 & 8 Port Passive HDCVI Balun

- Transmit coax video signal over UTP cable
- Compatible with HDCVI, HDTVI & AHD signals
- Transmit HD video up to 400m (passive/passive) and up to 600m (passive/active)
- Supports CAT5/CAT5e/CAT6 UTP cable
- Compact design, surge protection
- Includes rackmount components

VSBALHDP4 (4 Port)

VSBALHDP8 (8 Port)

4 Camera HDCVI Power Supply Accessory Pack

- Pre-made accessory kit for up to 4 cameras
- Easy pack for new HDCVI installs
- Includes 12VDC 5A PSU plus lead, 5-way splitter DC loom and 4 x male/female DC power connectors

CVR4PACKACC

100m Roll Copper Braided Combo Power/Coax Cable

- Black PVC sheath 100m roll
- 100% copper conductor
- 95% copper braiding
- Figure 8 (2 x 24/0.2mm stranded)
- RG59 75 Ohm

DCOAXPWR24FCBP

Ultimate NVR Series: High functionality NVRs for large premises; 32, 64 & 128 channels.

Ultimate Series NVRs

- Record up to 12.0MP resolution (4000 x 3000), beyond 4K/Ultra HD
- 8 x SATA (32CH) and 16 x SATA (64/128CH); hot-spare/swap support
- 384Mbps incoming bandwidth to handle large number of inputs
- High performance surveillance with Intel® Core™ processors
- RAID profiles support for HDD optimisation and redundancy
- Live view in Ultra HD (3840 x 2160); multi-screen display support
- Alarm I/O with programmable relay outputs, RS232, RS485 and eSATA
- Gigabit interface: 2 x RJ45 ports (32CH); 4 x RJ45 & 2 x optical (64/128CH)

Vehicle Security: Prevent vehicle crime from key theft with the new keypad immobiliser.

70% of vehicle thefts are the result of stolen keys. With a keypad immobiliser installed, would-be thieves will also require a code to access the vehicle.

Auto-Arm 2-point Cut Valet Mode

Two-point Keypad Immobiliser

- Immobilises vehicle if code is not entered before ignition
- 3min lock after 3 incorrect attempts prevents blind guessing
- Provides vehicle protection against key theft
- Automatic arming; minimal interruption to normal use
- High security all-black wiring harness / installation
- Valet mode for temporary bypass auto arming

IM007 (incl. harness)

Vehicle Surveillance: Mobile reversing & recording solutions to ensure safety & security.

Easy Wireless Install

2.4GHz 420TVL Reversing Camera and Monitor Kit

- Connect in seconds, up to 12m transmission
- 420TVL 2.8mm lens (120°) IP67, 30m infrared
- 7" digital LCD monitor with 2 AV channels
- Perform all controls via the remote control
- 12V/24VDC power input compatible

MSKIT-WRC (incl. harness)

4 Sensor Vehicle Reversing/ Parking Kit

- 40KHz ultrasonic sensors, 0.3m ~ 2.5m range
- Internal siren chime increases in frequency as sensor detects approaching surface
- 12VDC 20~200mA power input
- Incl. sensors, controller, siren & hole drill bit

MSKIT-RV4 (incl. harness)

4.3" and 7.0" Vehicle LCD Monitors with Display Stands

- Available in 4.3" (flip up display) & 7.0" (incl. stand)
- 480 x 234 pixels display resolution (16:9 aspect)
- Display switch on reversing; 12VDC power supply
- 7.0": 4 video inputs / 4.3": 2 video inputs
- Includes cables and mounting kits

MSMON-7 (7.0" TFT)   **MSMON-4 (4.3" TFT)**

- 24 x 100 Mbps PoE+ Ethernet ports
- 2 x 1000 Mbps Ethernet ports
- 2 x SFP ports (1000 Base-X)
- Up to 250 metre PoE range
- Port 1-2: ≤60W (Hi-PoE), Port 3-24: ≤30W, Total: ≤360W

VSPOE-SWA24 (24 port)

Extend IP CCTV 300m

4G, WiFi & VoIP

PoE Midspan & Extender

- Integrate Midspan & up to 3 Extenders to extend IP cameras up to 300m (≤ 8W per camera)
- Facilitates passive PoE power supply cascade
- 60W 10/100/1000M high power midspan for PTZs
- Add up to 3 x 10/100M extenders up to 300m
- Midspan wall mount, extender DIN rail kit incl.

VSPOE-MS (Midspan)   **VSPOE-EX (Extender)**

Mini GBIC Multimode Fibre Adapter

- Mini GBIC/SFP adapter for Base-X SFP ports
- Multimode; compatible with OM1 & OM2 fibre
- Up to 550m transmission distance over OM2
- Transfer speeds of up to 1.25Gbps
- LC optical fibre connector
- Hot pluggable & optical power monitoring

SFPMM1 (Mini GBIC/SFP)

4G Modem Router with WiFi

- Fast LTE CAT4 connections of up to 150Mbps*
- 4 x Gigabit (1000M) Ethernet ports for LAN/WAN
- 250m WiFi coverage, support for 32 devices
- 1 x USB printer/flash storage; 1 x RJ11 for VoIP
- 4G: FDD 700/900/1800/2100/2600; TDD 2300Mhz
- 3G UMTS B1/B8 1900/2100Mhz & GSM bands

VSWAN4GHW (4G SIM not incl.)

Long Range Wireless: A variety of access points for high performance wireless networks.

Dual Band UniFi Indoor Access Point

- Simultaneous dual band antennas 2.4GHz / 5GHz
- Up to 183m range, 450Mbps (2.4GHz), 867Mbps (5GHz)
- Easily power access point via 24V passive PoE

5GHz PowerBeam Long Range Access Point

- High performance 25dBi 5GHz antenna, +25km range, passive PoE
- 10/100/1000M, ±20° tilt adjustment, includes radome shield
- Ideal for long-range point-to-point/multi-point applications

5GHz LiteBeam & Nanostation Access Points

- Ideal for outdoor point-to-point/multi-point applications
- **LiteBeam:** 120° 16dBi 5GHz antenna with passive PoE (1000M)
- **NanoStation:** 43° 16dBi 5GHz antenna with passive PoE (100M)

Surveillance HDDs: Built for surveillance applications and optimised for 24/7 use cycles.

SEAGATE

Seagate SkyHawk™ Surveillance HDDs

- **RhinoCo utilises surveillance grade hard disk drives in all surveillance systems and surveillance kits**
- Available in 1TB, 2TB, 3TB, 4TB, 6TB 8TB and 10TB models
- Optimised for DVRs & NVRs, SkyHawk™ surveillance drives are tuned for 24x7 workloads in capacities up to 10TB. Equipped with enhanced ImagePerfect™ firmware, SkyHawk helps to minimise dropped frames and downtime with a workload rating 3x that of a desktop drive.
- 180TB/year workload, support for up to 64 cameras per drive, low power consumption drives

Power Supplies & UPS: Add value to your installs & protect footage against power loss.

Apartment Series: Large scale, SIP compatible intercom systems for project applications.

VIP VISION

Apartment IP Intercom Series

- **Centrally managed systems, ideal in apartments, hotels, etc.**
- **Build systems up to 5000 total devices (max. 600 door stations)**
- **Session Initiation Protocol (SIP) door station & indoor monitor**
- **Forward video/audio messages to iOS or Android mobile apps**
- Professional apartment door stations with 1.3MP low light camera
- Backlit with proximity sensor (1m detection) option for glass front touch keypad (-B model) or IK07 rated stainless steel (-C model)
- Single door control interface, option for lift control integration
- 3" STN display, local access via keypad or Mifare card reader
- Door stations feature tamper and are built for outdoor use

Do you have a large scale intercom project in the works? We can help.

WiFi IP Door Station

- 1.0MP low-light door station camera with 2.2mm fixed lens (125° view)
- Connect to monitor easily via WiFi
- Power via PoE; Ethernet adapter incl.
- IP65 rated weather (front glass only)
- Surface mount; matte black ABS
- 2 x door relays, 2 x alarm, 1 x RS485
- NFC card reader; easy operation

**INTIPRDSDB
(WiFi)**

2.0MP IP65 / IK08 140° view

4 YEAR WARRANTY

2 Button IP Door Station

- 2.0MP low-light door station camera with 1.9mm fixed lens (140° view)
- 2 buttons for 2 dwellings/gates
- Power via PoE; Ethernet adapter incl.
- IP65 rated weather (front glass only)
- Surface mount; aluminium body
- 1 x door relays, 2 x alarm, 1 x RS485
- 2 x buttons; NFC card reader

**INTIPDDS2
(2.0MP)**

4 YEAR WARRANTY

1.3MP IK07 / IP54 120° view

IK07 IP Door Station

- 1.3MP low-light door station camera with 2.8mm fixed lens (120° view)
- IP54/IK07 weather/vandal resistant
- Surface mount rain-shield box incl.
- Optional flush mount box avail.
- 2 x door relays, 2 x alarm, 1 x RS485
- Easy single button operation
  * Does not support WiFi

**INTIPRDSVW
(Incl. rain shield box)**

7" Panel WiFi & PoE Alarm I/O

4 YEAR WARRANTY

WiFi Intercom Monitors

- 7" capacitive touchscreen intercom monitor (1024 x 600)
- Omni-direcitonal microphone Connect easily via WiFi or Ethernet
- Elegant gloss finish in white with silver trim or black with gold trim
- 6 alarm inputs & 1 output, 1x RS485
- Power via PoE or 12VDC

**INTIPMONDW (white)
INTIPMONDB (black)**

Residential Intercom Kit: IP monitor & door station with remote view ready to install.

Smartphone not included.

Monitor Available in Black

Connect via WiFi or Ethernet

4 YEAR WARRANTY

Complete WiFi IP Intercom Kit

- WiFi support door station and intercom monitor for ease of installation
- Includes mounting bracket & connectors if cable installations is preferred
- Easily connect to existing networks; integrate multiple devices quickly
- Stylish & intuitive WiFi indoor intercom monitor, 7" capacitive touchscreen
- Up to 32GB storage via removable microSD slot on monitor

**INTIPRKITD
(Door station, white monitor & 30m CAT5)**

**INTIPMONDW/B
(Additional monitor)**

2-Wire Intercom Systems: Upgrade to IP intercoms using existing 2-wire infrastructure.

Smartphone not included.

Includes Rain Shield Box

4 YEAR WARRANTY

2-Wire Residential Intercom Systems

- Utilise existing 2-wire infrastructure to upgrade old intercoms or door bells
- 7" touch monitor & IK07 flush mount door station + 1.0MP low-light camera
- Add network controller: Connect to LAN/Internet for full system remote view, including live view, snapshots, remote unlock & more (PSU included)
- Integrates with most door strikes; 24V PSU included with network controller

**INTIPNC2W
(Network Controller)**

**INTIPRDSVW2W
(2-Wire Door Station)**

**INTIPMONFB2W
(2-Wire Monitor)**

Self Monitored Alarms: Wireless security solutions from the Watchguard 2020 Series.

Watchguard

SMS 50 Sensors Backup

WiFi 50 Sensors Camera

Watchguard 2020 3G SMS Wireless Alarm Pack

- Quick setup using the free app, store up to 5 phone numbers
- Receive alarm alerts in real time via SMS & phone call
- Expand up to 50 sensors using 2020 range below
- 12VDC power, 2 x 3.7V Li-ion backup battery (8hrs)
- Base kit includes alarm module, 1 x indoor PIR, 1 x reed switch, 2 x keyfobs and keypad tags

ALC-PACK1 (SIM not incl.)

Watchguard 2020 WiFi Wireless Alarm Pack

- Rapid setup via new app; features account system for easy user addition
- Receive alarm events & camera motion detection alerts in real-time via the free smartphone app
- 12VDC power with 1 x 3.7V Li-ion backup battery
- Base kit includes alarm module, 2 x reed switch, 1 x keyfob, 1 x 720p HD WiFi camera (SD sold separately)

ALC-PACK3 (SD card not incl.)

Pet Immune PIR Sensor

- 8m / 110° detection scope
- 80m range line of sight
- Pet immune (25kgs)
- Indoor use only

ALC-PIR1

Compact Reed Switch

Compact 71 x 34mm Footprint

- Supervised wireless reed switch
- 80m transmission range
- Tamper protection
- 1 x AA battery power

ALC-RSW1

Roller Shutter Reed

Heavy Duty Conduit

- Heavy duty casing & antenna
- 80m transmission range LoS
- Tamper protection
- 2 x AAA battery power

ALC-RSW2

Wireless Panic Button

- Duress/panic button with loop
- Sends SMS or WiFi alerts to stored numbers & devices

ALC-PNB1

360° Ceiling PIR Sensor

- Ø6m / 360° detection at 3.6m
- 80m range line of sight
- ABS plastic shell
- 2 x AA battery power

ALC-PIR2

Wireless Beam Sensor

- 4 x IR beam curtain up to 6m
- 80m range to alarm line of sight
- IP66 rated and UV resistant body
- 2 x CR123A (Tx), 3 x CR123A (Rx)

ALC-BEAM1

AC Indoor Siren

- Indoor siren & strobe (90dB)
- Plug-in AC power
- Use as night light or standalone alarm

ALC-SIR1

Outdoor Solar Siren

Solar Powered Siren

- Solar siren & strobe (110dB)
- Battery powered, rechargeable
- Built for external use

ALC-SIR2

LED Flood Lighting: Incredible results with our range of flood lights from 20W to 960W.

ENSA™ LFL-D Series high power floods.

Do you have a large scale lighting project in the works? We can help.
Ask us about project assistance & lighting simulations for large and complex lighting installations.

Available in 30° Beam Angle

3 YEAR WARRANTY

110lm/W 20~200W NSW ESS

3 YEAR WARRANTY

130lm/W 240~960W 5000K

ENSA™

LFL-B Series: Performance LED Floods
- **In 20W, 30W, 50W, 70W, 100W, 150W and 200W models**
- **Exceptional luminous efficacy (+100lm/W), 50,000hrs lifespa**
- **Range is accepted for use in the NSW Energy Savings Scheme**
- High performance in a slimline, aluminium, IP65 rated chassis
- Rectangular 100° beam angle and >80 colour rendering index
- In warm & cool white colour temperatures (3000K/5000K)
- Perfect for residential, commercial and industrial environments

ENSA™

LFL-D Series: High Power LED Floods
- **In 240W, 360W, 480W, 720W and 960W models**
- **Exceptional luminous efficacy (+130lm/W), 50,000hrs lifespan**
- Modular lighting elements with superior heatsink for thermal efficiency
- Rectangular 60° x 100° beam angle and >80 colour rendering index
- Available in cool white colour temperature (5000K)
- Ideal in large scale applications: sporting facilities, carparks, etc.
- **Ask us about LED lighting simulation and project quote assistance**

## LED Sensor Flood Lighting: Energy efficient, passive infrared motion sensor lighting.

ENSA™
Motion Sensor LED Floods

- **In 20W, 30W and 50W with PIR motion sensors**
- **Sensor flood detects motion in a 12m 140° arc**
- Adjustable light sensing, motion sensitivity and on-time delay (5s ~ 5min) settings
- Excellent efficiency; 50,000hrs rated lifespan
- Wide 120° beam angle; in 5000K cool white only
- Metal IP65 rated weather resistant chassis
- Adjustable U-shape mount, 180° of motion
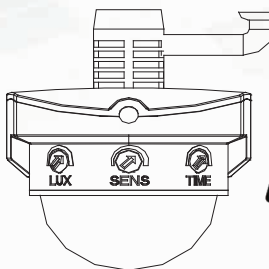

85lm/W PIR Sensor IP65

3 YEAR WARRANTY

(20W, 1700lm)	(30W, 2550lm)	(50W, 4250lm)

High Bay Lighting: Efficient industrial LED lighting for mounting up to 15m in height.

ENSA™
Professional LED High Bay Lighting

LHB-A Series (Traditional Style High Bay)
- **In 120W or 200W, in standard or 0~10V driver***
- **Accepted for use in NSW Energy Saving Scheme**
- +100lm/W with >80 colour rendering index
- Exceptional 50,000hrs rated LED lifespan
- Available in 6500K cool white colour temperature
- 60° aluminium reflector, eyelet & 3-pin AC plug; IP20
  * 0~10V driver model optional, sold separately

LHB-C Series (UFO Style High Bay)
- **Available in 100W, 150W or 200W models**
- **Incredible 130lm/W luminous efficacy, >80 CRI**
- Exceptional 50,000hrs rated LED lifespan
- Compact design with IP65 weather rated body
- Available in 5500K cool white colour temperature
- 60° beam angle, metal eyelet and 3-pin AC plug

Canopy Lighting: NSW ESS accepted lighting for garages, workshops & petrol stations.

ENSA™
Professional LED Canopy Lighting

- **Approved for use in the NSW Energy Saving Scheme**
- High efficiency +100lm/W, available in natural white 4500K
- 90° x 90° square beam angle for even light distribution
- 30,000 hours rated LED lifespan, <3% decay after 6,000hrs
- IP65 rated dust and weather resistant housing
- Canopy light includes kits for surface and recessed mounts:
  Surface housing: 320 x 320mm footprint
  Recessed housing: 400 x 400mm / Cutout: 320 x 320mm
- Ideal in garages, workshops & petrol stations
