Protect what matters most.

Watchguard 2020™ Wireless WiFi & 4G Alarm Pack with Accessories

The Watchguard 2020™ alarm pack is the perfect security solution. Connect to WiFi and insert a SIM card for dual protection. When connected to WiFi remote view, receive push notifications and control your alarm system via the mobile app. In the event of a power outage the Smart Hubs 4G connection will send SMS notifications. The alarm pack is compatible with wide range of accessories to fit the security needs of any home, at any size.

- Versatile security for residences, offices and stores
- Reliable protection: In event of a power outage the Smart Hub will send SMS notifications
- 4 to 5 hour back up battery, activated by power outage
- Control & monitor the alarm system via the phone app
- When the Smart Hub is connected to WiFi receive notifications via the app & emails on alarm activation
- Connect up to 50 wireless sensors and 10 remotes

Real-time Push Notifications

Complete Wireless Accessory Range

Voice Controlled Home Integration

Receive instant notifications and maintain full control of your system from anywhere with the free Android/iOS app and home assistant compatibilty.

HomeCloud System

The HomeCloud app offers instant notifications and full, easy-to-use control over the Watchguard alarm system from anywhere. Available for download for iOS or Android device.

- Free to download

- Control and monitor your alarm system

- App saves the latest 300 alarm events for future retrieval and review

Smart Home Integration

The Watchguard 2020™ WiFi Alarm Pack can be voice controlled with Amazon Alexa and Google Assistant devices. Arm, disarm, enable/disable privacy mode & record video footage with voice control.
